St. Augustine School was recently awarded over \$13,000 in grant money from the R.C. Durr Foundation to improve their technology. The school used it to buy new computers for each classroom, two teacher laptops, and two interactive projectors. The RC Durr Foundation has made its mission to improve the quality of life of the larger Northern Kentucky region and its people. They place a particular emphasis on helping improve education, social services and community development. Their benefactor, R.C. Durr, was born in Kenton County, KY and was an entrepreneur who started one of Kentucky’s largest, most successful heavy construction and highway contractors. He was well known for his generosity which continues to help others today through his Foundation. The grant was written by Sara Diaz (Garlich), a 1989 graduate of St. Augustine. She says there are a few important lessons we can learn from R.C. Durr: “No matter how small, one person can make a big difference in our world. Like Durr, we should dream big things and do big things, but never forget who we are or where we came from, and we should always give back.”

# Sunday evening accident damages steps, railings in Brooksville

According to information from the Bracken County Sheriff's Department, Daniel Linville of Butler caused damage to the steps and railing outside of Hair Quarters on Miami Street in Brooksville when he misjudged the clearance while driving through Brooksville at approximately 9:10 p.m. on Sunday, April 19th. Reports indicate he was traveling southbound on KY 1159, West Miami Street, at Locust Street when he met a 2009 Chevrolet Cobalt driven by John W. Berry, of Brooksville, who was traveling northbound on KY 1159, West Miami Street, at Frankfort Street. The right front of Linville's 1995 Honda Civic struck the concrete steps and metal handrail located at 101 Locust Street. The Civic then overturned onto its roof as it collided with Berry's Cobalt. Linville's vehicle came to rest facing southbound on its roof in the northbound lane and Berry's vehicle came to rest facing northbound in the northbound lane of KY 1159, West Miami Street. Berry's vehicle received minor damage while Linville's vehicle received severe damage.

Prior to the accident, Linville was parked at the Bracken County Library. Upon leaving there, he backed into the 2002 KIA Sedona of Alisha Cunningham, of Brooksville, that was properly parked and unoccupied at the time. The left rear of Cunningham's vehicle sustained very minor damage.

Bracken County EMS was also called to the accident scene and provided first aid. Deputy Bobby Boody worked the accident for the Bracken County Sheriff's Department.

## Thoughts and Meditations from the Scriptures

### WHEN THE WORST ACTUALLY HAPPENS

It is generally good advice to not take our fears and anxieties too seriously. What we fear the most usually doesn't happen and thus we've worried and fretted for nothing. Moreover, the worry and fretting isn't usually very productive unless it leads to constructive action. But, what should you do when the worst actually happens, when the job loss you feared actually happens, or the test results are positive, meaning you have the disease or condition you feared the most? When this occurs, it helps to have a strong faith and a good support network. I saw this in action recently when the school where I taught closed its doors. We had very little advance notice that this was going to happen, and so the last week was spent in trying to wrap things up in the best way possible, for students, teachers and staff. There were a lot of tears, some gnashing of teeth and other emotional outbursts, but mostly people expressing their faith that God would work things out for all of us. Perhaps even more inspiring than the expressions of faith were the many concrete offers of help and support, usually given with a hug or a warm handshake. When the worst actually happens, we have two considerable sources of support, God and our fellow man. Don't be too proud to ask for help. — Christopher Simon

*And I will do whatever you ask in my name, so that the Father may be glorified in the Son. You may ask me for anything in my name, and I will do it. John 14:13-14*

A beautiful sunshine Sun., April 26. For SS, we had 50. Our lesson was "A Happy Ending". Ephesians 4:20-32. Ron Foley reminded us that in verse 24 we are "to be kind to one another, forgiving one another even as God in Christ forgave us".

Congratulations to Jordan McKinney. This past Saturday he was at a shoot in Berea. He placed in the meet and got 93 out of 100! He is the son of Mike & Angie McKinney.

Mon., May 11 - Board Meeting 7 p.m. All members encouraged to be there.

Mon., May 18 - Men's Fellowship at Chatham, 6:30 p.m.

Remember the food bank & back pack programs.

Nursery today was Misty Jones & Rosemary Schiltz. Next week is Gloria Smith & Martha Wood.

Jane Nelson's specials were "My Jesus I Love Thee" & hands were clapping to "Count Your Blessings".

Ninety-six were present to hear Bro. Jackie's message on "The Disciples Grief Will Turn to Joy". John 16-24. In this life we will all experience grief, but with Jesus our sorrow will turn to joy.

Remember in Prayer: Wayne & Elizabeth Pendleton's daughter (Parkinson); Laural Jane Gray (MVA 3 wks. ago & still recovering. Her son, Sean, was also injured); Don & Joyce Galloway (he fell and is back in hosp.); Jack McCall (heart stents); Garry, Pam, Benny Bruin (Garry has been in hospital for heart condition and Benny may need a pacemaker); Judy Clos (hosp.); Hank Colemier (surgery); Darrin Young (physical therapy); Betty McElfresh; Bro. Jackie (knees, his dog Abby Lou);

Sue Hardyman (test); Margie Appleman; Homer Burton's sister - Barbara. Remember all those on prayer list and always each other. Keep in prayer all those families in the passing of their loved ones.

We had 25 to Bible Study. Wayne Pendleton led us as we studied Genesis 1. Appreciation to Annette & Ronnie Harrison for the delicious refreshments. Little Jasper Smith just loved that choc. cupcake! It showed on his face! Bible Study 6 p.m. - all are welcome.

### GREETINGS FROM ST. JAMES

by Caroline Jefferson

St. James Parish joins John and Billy with congratulations and best wishes for a very Happy 50th Anniversary to their parents, John and Joann Riley on Friday, May 1! May God continue to bless this wonderful couple with much happiness, good health and love as they travel life's path together!

Congratulations also to Ms. Melody Insko as this week's \$100 raffle winner! Fr. Hogan is our visiting priest while Msgr. Dominic is in Ghana and Fr. Hogan has been enjoying his role as 'winning ticket drawer' during the month of April!

On Sunday, May 3 we will honor the Blessed Mother with our annual May Procession and Kelsey Hitch has the privilege of placing the floral crown on the statue of Mary as the children and congregation join together in singing "Bring Flowers of the Fairest". Mary was chosen by God to be the Mother of Jesus and just as we go to our earthly Mothers for help and support, we approach our heavenly Mother with the same childlike confidence! We especially ask Mary for graces for Emily Schellenberger and Myles Kern as they prepare for their First Holy Communion on Sunday, May 10!

There is a lot of sickness with our congregation and friends. Viola Kennard is a patient at Meadowview; Mike Clark is under Hospice care; Betty Bush is a patient at St. Elizabeth; Rita Weiss is a patient at St. Elizabeth.

We had 50 in attendance for worship. Millie Bush was the liturgist, Susie Hargett led the singing, and Lynn Darnell and Gretchen England had children's church.

Normally, my sermons come from the gospels, but this Sunday I went into the Book of Acts for my message. My message came from Acts 4:5-12.

Our soup supper continues Monday night. I am not sure what will be served but I do know that there will be blackberry cake and blackberry cobbler. On May 4, we will have our monthly breakfast for the evening meal. Come and join us for the sausage, gravy, biscuits, eggs, and who knows what else may be there. Come and see.

### TRIPLE RIDGE

Triple Ridge Homemakers met on Tues., Apr. 14 at the lovely home of Karen Sweeney on Asbury Rd. First on the agenda was to eat. Surprise! Delicious refreshments of several kinds of cake & ice cream were served by the hostess among lovely decorations denoting Easter. After everyone was full, Pres. Judith Richards called the meeting to order and began by reading an article entitled "Garden of Eatin". Roberta Shepherd gave the inspiration entitled "Springtime". Pledge to the flag was recited. Margarette Carl gave the thought for the month "Writing About The Things You Learned In Life And Their Benefits". Roll call was answered to "Where Were You Born?".

Heartfelt sympathy went out to Pres. Richards in the tragic death of her son's fiancé. May she find comfort in knowing these friends care.

A thank you note was read from Karen Sweeney's daughter, Kelly, for the book she received for her newborn son, Gabriel.

President passed out forms to all chairmen to be completed and returned. She thanked Karen Russell for the lovely table arrangements she did for International Night. Announced quarter auction is Apr. 17. Discussed plans for a summer trip. Plan to tour Stober Plant in Maysville and proceed to Blue Licks to eat. Information on the Centennial Celebration was presented. Museum to be opened that day. Will have refreshments of cookies & punch. Need help setting up tables. Plan to attend for a big event in the county.

The group discussed finishing a quilt that Mildred Douglas had started before her death at Bracken Center. It will be completed by the group and presented to her son, Rick. Mildred was admired by many on her determination to sew crafts and quilt while a resident at the Nursing Home.

Janie Appelman had the lesson on "What Is New With Bamboo?". It was very interesting to learn of the things made from bamboo - from kitchen towels to kitchen flooring. Janie displayed several items made from bamboo.

Absent from the meeting and missed by all was Edy Flaughter and Brenda Welte. Next meeting is at the home of Millie Bush on Tues., May 12.

## Kentucky Hospital Association and March of Dimes Recognize Harrison Memorial Hospital

In 2012, the Centers for Medicare and Medicaid Services launched the Partnership for Patients' Hospital Engagement Network. Through that program and a partnership between the Anthem Foundation and the Kentucky Institute for Patient Safety and Quality, Inc. (KIPSQ), a nonprofit subsidiary of the Kentucky Hospital Association (KHA), many Kentucky birthing hospitals joined together to reduce non-medically indicated deliveries before 39 weeks.

Harrison Memorial Hospital (HMH) participated in the Kentucky Hospital Engagement Network and Anthem Foundation "Improving Patient Safety for Mom and Baby" initiatives, and the hospital significantly reduced the number of early elective deliveries (inductions) and cesarean deliveries performed before 39 weeks of pregnancy. March of Dimes commented that babies born full-term have a healthier start in life.

"The early elective delivery rate goal was set at 3% or less. HMH's rate was 1.66% in both 2013 and 2014," says Pinny Coleman, HMH Obstetrical Manager. "By working with our team of physicians and nurses, we were able to achieve the goal and ensure healthier starts in life for our babies."

"We are proud of our expert team of physicians and nurses who recognized the importance of babies being born full term, and we put in place policies to avoid scheduling elective inductions or cesarean deliveries before 39 weeks of pregnancy, except when medically necessary," said Sheila Currans, HMH Chief Executive Officer.

"Babies who survive an early birth often face the risk of lifelong health challenges, such as breathing problems, learning disabilities and others. Even babies born just a few weeks early have higher rates of hospitalization and illness than full-term infants. I commend HMH for being

a champion for babies with their quality improvement effort. The goal for this project was an early elective delivery rate of 3% or less, and the obstetrical team at HMH was able to achieve this goal," said Donna Meador, the KHA Director of Quality and Patient Safety.

"Kentucky hospitals are steadfast in their ongoing patient safety and quality improvement efforts. Every year, our 46 birthing hospitals welcome 53,000 babies into the world, and we want these newest citizens to have the healthiest start possible in life. Also, as a result of the help we received from the Anthem Foundation, we are now able to use mass media to encourage conversations around breastfeeding before the baby is born," said Michael T. Rust, president of the KHA.

Named after HMH Former Administrator Elizabeth Bailey, the HMH Women's Health Center includes labor and delivery/patient suites that rival those of any larger medical center. Our enhancement also includes state-of-the-art technology and improved privacy for you and your family. Along with the state-of-the-art facility, we continue to offer the expertise of our highly qualified, board-certified OB/GYNs, pediatricians and family care physicians during the time of your delivery. In addition to highly trained physicians, we have an anesthesia staff with 40 years of obstetrical experience to facilitate pain control throughout the labor and delivery process. HMH also has a nursing staff with more than 130 years of experience in the field. The physicians and staff of Harrison Memorial Hospital are committed to providing you an exceptional experience throughout your pregnancy and during the birth of your baby.

MCTC announces plans for three commencement ceremonies

Maysville Community and Technical College (MCTC) has announced plans for its 46<sup>th</sup> annual commencement and for the first time ever, the college is hosting three ceremonies. Commencement ceremonies will take place in Maysville, Morehead and Cynthiana and graduates are invited to participate in the ceremony most convenient for them.

“The decision to have three commencement ceremonies was all about access,” said MCTC President Dr. Stephen Vacik. “For many students, they may be the first in their family to graduate from college; for all graduates, it is a milestone worth

celebrating. We believe that by taking this step, we are providing more opportunity for participation by students and attendance by their family and the community.”

In Maysville, commencement will take place on Friday, May 8 at 6:30 p.m. at Mason County High School Fieldhouse; graduates should arrive at 5:30 p.m.

Commencement in Cynthiana is Monday, May 11 at 6:30 p.m. at the Harrison County High School Auditorium and in Morehead on Tuesday, May 12 at 6:30 p.m. at the MSU Academic-Athletic Center.

For more details about any of the ceremonies, please contact Jessica Kern, Director of Marketing and Public Relations at 606-759-7141 ext. 66271 or jessica.kern@kctcs.edu.

The winter of 1917 was a most severe one. Many sent from the County to Camp Taylor at Louisville suffered from the flu. Rob Gerhard and Clarence Bruist died from the disease. Herbert Hill, Earl Fronk and Ottie Case died in a battle in France.

December 8, 1917, a blizzard and driving snow with sleet, accompanied by high winds struck here. The wind had a velocity of 100 miles per hour, snow remained on the ground until February.

During the War, tobacco prices soared. Some sold for more than \$1.00 per pound. Many baskets went from .50 to .75 cents per pound.

November 11, 1918, the armistice was signed, and at 11 am that day the occasion was celebrated by noises of all kinds.

During 1919, the soldiers began returning from Europe.

1919 At some time during the year, the steamer Cyclops loaded with soldiers and sailors disappeared, it is believed in South American Waters, and no trace of this vessel or any-

one on it has ever been found. Hughie Jett, son of Mr. and Mrs. C. S. Jett of this county was on the Cyclops.

1919 November, Jesse Glenn disappeared. At the early part of December, the torso was found. It had been buried on what was known as the W. T. Laughlin farm on Ohio Valley Pike. Tom Marksberry was sentenced to prison for life in May 1920. He went to prison and remained there until released by Governor Sampson in December 1931. Glenn's arms, legs and head were never recovered.

May 22, 1997 Charles Figgins died March 20, 1920. James B. Boughner died.

Mrs. A. P. Louderback killed by passenger train number 8 at the Elizabeth Street crossing. Her body was carried to the depot. (Editor's Note: Mrs. Louderback was deaf and did not hear the train.)

Charles T. Lytle, grocery salesman of Augusta died either in Brown or Clermont County, Ohio, while driving his automobile enroute to his home here, after having completed calling on his trade in those counties.

### TRASH TALK

by: Mr. Recycle Bin & Ms. Pick-Up Litterbug

**606-735-9960**

Howdy Folks! Can you believe that one third of 2015 is history and it’s already time for the Kentucky Derby this Saturday! Not that we could even tell you the name of one horse in the derby, but when you live in Kentucky, the minimum requirement is to at least know the date of Derby Day! Thunder Over Louisville was held April 18 with the annual world’s largest fireworks display beginning derby related festivities that culminate with the 141st Run for the Roses! Of the 140 races, 106 winning horses were from Kentucky. During these events, organizers have continually upgraded their efforts to recycle with bins conveniently located throughout the complex. In 2014 a total of 12.12 million tons of paper, cans, cups, bottles, food waste and any other recyclable items were collected! Visitors from around the globe attend this yearly event but being a Kentucky native with a TV set gets us as close to the Derby as we care to be! But for those of you who will be in the crowd this weekend, we hope you have a most enjoyable adventure and urge you to use your good Bracken County knowledge of recycling!

Adventurous should not be a word that we use to describe the experiences of Bracken County’s Litter Patrol Groups as they clean roads around the area, so please use caution when you encounter these hard working groups! They are spring cleaning for Mother Nature and picking up after some citizens who have developed the very bad habit of littering! With the grass getting taller, the litter is not as visible, but the litter becomes very evident as the road departments begin their yearly mowing tasks!

Roughly 85 to 90% of all litter is actually recyclable material, so if you develop the recycling habit, the bad littering habit will become extinct!

Keep America Beautiful organization and the Ad Council are joining forces with Unilever to get more folks to recycle containers and cardboard found in bathrooms. Most recycling projects concentrate on items found in the kitchen, but efforts are being made to introduce a container for bathroom recycling. Hair care product bottles, lotions, baby oils, toilet paper rolls, toothpaste and other product boxes are all recyclable. Studies have shown that readily available containers for saving these items for recycling is the key to a successful bathroom recycling program, but please, no toilet paper! We have found this item in the trailers on numerous occasions and it is not pleasant! Only the cardboard roll can be put into the trailers!

With improving weather conditions, we will be obtaining two roll-offs from the Mason County Landfill that should be in place by the time you are reading this. Locations will be behind the Firehouse/Community Building in Germantown and on Mr. Bobby Downard’s lot in Powersville. Rules and regulations remain the same with no tires, liquids, appliances, brush, hazardous wastes or closed drums allowed in the dumpsters. Because of cutbacks in funding, there will only be four or five roll-offs for this spring clean, so please load the dumpsters as evenly as possible to allow maximum usage of the containers by as many citizens as possible. Your cooperation is a must for this program to continue!

County Road Supervisor Stacy Florer will celebrate a birthday on Monday, May 4! May he and everyone else enjoying a May birthday be blessed! Blessings also to all of you who daily exercise the necessary habits of RECYCLING, REUSING and REDUCING to keep God’s earth clean, green and beautiful! Be seen’ you – Bin & Bug.

## Kennedy Carl honored, named to 2015 All-Resilient Team

Kennedy is shown above with Tom Leach.

An eighth grader who plays JV and Varsity basketball is impressive enough on its own. But for Kennedy Carl, it was simply the foundation for a remarkable season with the Bracken County Lady Bears. Kennedy’s father died in the tragic collapse of the I-75 bridge in Cincinnati earlier this year. Kennedy chose to play the night her father died as a tribute to him and the love of the game they shared. In fact, Kennedy’s dad watched her JV game just before heading to work that fateful day. Because of Kennedy overcoming this adversity, she was named to Tom Leach’s All-Resilient team of 2015.

Kennedy, an 8th grader at Bracken County Middle School, is the daughter of Kendra Blair and the late Brandon Carl.

Remembrance Project completed  
by Ms. Hitt’s Third Grade

Pictured above are Alex Holt and Raylee Saunders.

Ms. Hitt’s third grade class was recently assisted by members of the Augusta Art Guild to create a remembrance project honoring their beloved classmate, Gracie Hurst. Art Guild member and ceramicist, Toby Fried, led students through the process of creating a glazed tile depicting a personal memory of their friendship with Gracie. Members assisted students as they transferred their drawings of a favorite memory with Gracie to a

clay tile. Then, students applied different colors of glaze to their tiles as they relived happy memories with their friend. The tiles were dried and collected to be later fired in a kiln. The finished project will involve connected tiles that form a beautiful artwork to be displayed in the halls of Augusta Independent School. The tiles will later be removed and presented to each member of this class on their 2024 graduation day as a keepsake.

I want to be when I grow up? Well, I want to be an actress. A star, a role like the one who could be in Hollywood in big letters." This took me years to figure out my passion. Yet when I stood on the stage in

"Yes Virginia," it was my time to shine and I loved it. So I choose to be an actress."

Congratulations to all the winners.

### Save money by taking more classes each semester

Taking more classes each semester may help you cut the cost of college, according to the Kentucky Higher Education Assistance Authority (KHEAA). That's especially important if, like many people, you'll need student loans to help pay for your education.

A full-time load for undergraduate students is generally considered 12 credit hours per semester. Associate's degrees usually require 60 credit hours to finish, bachelor's degrees 120 hours. If you take 12 hours each semester, you'll need five semesters to finish an associate's degree and 10 semesters to finish a bachelor's degree.

But if you take 15 hours per semester, you'll finish an associate's degree in four semesters and a bachelor's degree in eight semesters. Most colleges won't charge you any more for 15 hours than they do for 12 hours, which can save you hundreds, perhaps thousands, of dollars in tuition and fees.

When you're planning your schedule, think about taking that extra class each semester. The sooner you earn your degree, the sooner you can start job hunting.

KHEAA is the state agency that administers Kentucky's grant and scholarship programs, including the Kentucky Educational Excellence Scholarship (KEES). It provides financial literacy videos at <http://itsmoney.kheaa.com>. ### 'Surviving College' booklets can help freshmen, adults

- Majors and class schedules.
- Staying healthy and safe on campus.
- Learning styles and study tips.
- Campus life.
- Financial basics.

KHEAA also provides "Surviving College for Adults," which is geared toward nontraditional stu-

dents.

They also wish to offer the services to help with crop and enterprise planning for the upcoming growing season. Contact the extension office for publications or information.

### Golfers can hit the links with Lung Assoc. Golf Book!

Perfect golfing weather has arrived in Kentucky, and the American Lung Association has a great offer for golfers who want to save money on their rounds.

It's the Kentucky Golf Tour Book, which includes discounts on more than 5,000 rounds of golf at over 250 fine facilities in Kentucky, Indiana, Tennessee and Ohio. All Kentucky state park courses are included in the program.

Each participating golf course offers book holders a reduced rate on one or more rounds of golf; some courses permit one round a month; and 59 clubs allow unlimited play. The book also includes driving range and indoor golf discounts.

Golf Tour Books may be purchased for only \$35 a piece or four for \$105 – a buy 3, get 1 free “fabulous four-some special.”

“As golfers hit the links this spring, they are looking for ways to save money so they can play more often,” said Carolyn Embry, who coordinates Kentucky Golf Tour Book program for the American Lung Association. “The Golf Tour Book is packed with discounts for the golfer, while also saving lives by supporting lung disease research and other critical lung health programs,” she said.

Savings apply throughout 2015, said Embry, who encourages people to pick up extra Golf Tour Books for family members and friends

### Spring is prime time for trophy bass

A winter back-loaded with cold, snow and high water can make the season's stay seem unusually long and especially harsh.

The first warm days of the year never come soon enough. But when they do, a feeling of euphoria sweeps over anglers because spring-time offers some of the year's best opportunities for trophy largemouth bass.

“Fall is a great opportunity to catch a big one, but your best shot at the biggest bass of the year or your life is right now,” said Geoff Roberts, a conservation educator with the Kentucky Department of Fish and Wildlife Resources and an avid bass angler.

The longer periods of daylight and the warming water temperatures of spring-time tell largemouth bass that it's time to move shallow. It's also at this time when the big bass are at their heaviest, especially ravenous females that must pack on weight in preparation for spawning.

Kentucky boasts numerous lakes that hold “good” to “excellent” populations of largemouth bass. In its annual Fishing Forecast, Kentucky Fish and Wildlife classified almost 40 fisheries in those two categories.

Anchoring the list of “excellent” largemouth bass options are Kentucky Lake and Lake Barkley in the west and Barren River Lake in the southwest. Also making the cut were 760-acre Beshear Lake in Caldwell and Christian counties; 8,270-acre Cave Run Lake in Bath, Menifee, Rowan and Morgan counties; and 784-acre Cedar Creek Lake in Lincoln County; 32-acre Fishpond Lake in Letcher County; 767-acre Lake Malone in Muhlenburg, Todd and Logan counties; 169-acre Wilgreen Lake in Madison County and 36-acre Spurlington Lake in Taylor County.

Good lures to have on hand in early spring are jig and trailer combinations, spinnerbaits, square-billed and lipless crankbaits, suspending jerkbaits and other shad imitations.

Spring fishing is grateful fishing, and the thrill of an early spring reunion with the water never grows old. The pull of a trophy largemouth bass only makes it better.

# Raindrops keep fallin' on my head . . .

Despite the rainy weather, Bracken County parents, family and friends came out Saturday evening, April 25th, to watch their favorite beautiful girl arrive at the Bracken County High School Prom with her favorite handsome guy.

While no horse drawn carriages, motorcycles or farm equipment delivered this year's prom attendees as in the past, those attending still arrived in style, albeit throwback style, in classic cars, trucks and newer model cars.

Most notably though, Felicia Thornsby and Alec Hazaruz arrived in a stretch limo and Ashley Anderson and Bethanie Blevins arrived in Nick Steinhaur's Volkswagon Beetle.

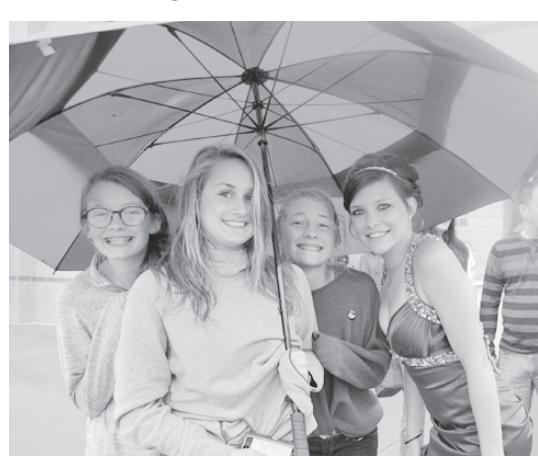

Classic car arrivals can be seen at right and below left and right.

Pictured left to right are Andrew White, Cassidy Collins, Carmyn Collins, Breanna Cummins, and Ryan Flora.

Gracie Kurtz and Nick Ware, above left, were chauffeured to the prom by Gracie's dad, Rick, while her mother, Melinda, chauffeured Allen Kongleton, Allie Conley, Bailey Cummins, and Griffin Walton, above right.

Senior Haley Sharp and David Colemire, above left, arrived in the truck of Jason Cummins, between raindrops as did Senior Lance Hamilton with his date Brianna Schweitzer. BCMS girls Joy Ebert, Kyndal Dotson, and Holly Ebert posed for a picture with one of their favorite high school track teammates, Senior Ashley Anderson, above right, shortly after her arrival.

## Augusta Independent Re-Establishes Track Program

It's been many years since Augusta Independent has had a track program. Exactly when a track team last existed is unclear, but at some point, the team disbanded. This year, however, Augusta continued to expand its running program by experimenting with the new sport. Four years ago, AHS re-established a cross country program, and in the years since, that has expanded to include middle school and elementary teams.

One of the main goals was to give students an additional opportunity to participate in extra-curricular activities. The number is small this year, with three girls and two boys on the team, but it's a starting place. "It's not as many as we anticipated when we started," Track and Cross Country Coach Tim Litteral said. "We had a couple individuals who were injured and a couple more who didn't end up coming out because of conflicts with other spring sports. Fortunately, much like cross country, it is very much an individual sport, so low numbers do not prevent us from competing." In this first year, the program was kept simple, with the team just focusing on running events.

Having females out has been a positive. "Over the last four years, we've never had a high school female run a complete season in cross country, and we've tried to include females in our program. We do have a few girls in the younger grade levels running cross country, and now have a few high school girls running track, so that's encouraging and I hope that will encourage other females to come out and run."

So far, the team has competed in three meets and has focused on the 100m dash, 200m dash, and 800m run. Typically, athletes have ran their events in the middle of

the pack.

On April 10, the team opened the season at the Twilight Invitational at Fleming County. 100m Results: Ashleigh Taylor - 15.97, Violet Hiles - 16.08, Adam Sallee - 16.80. 200m Results: Dana Garrett - 34.19, 800m Results: Adam Sallee - 3:39.38.

As Augusta's spring break came to a close, AHS traveled to Mason County. 100m Results: Ashleigh Taylor - 15.70, Violet Hiles - 15.79, Hunter Sibcy - 13.41, 200m Results: Ashleigh Taylor - 33.56, Violet Hiles - 34.03, Hunter Sibcy - 28.05, 800m Results: Adam Sallee - 3:09.30.

The team traveled back to Fleming County on April 21. 100m Results: Ashleigh Taylor - 16.04, Dana Garrett - 16.46, Hunter Sibcy - 14.51. 200m Results: Dana Garrett - 33.04, Ashleigh Taylor - 35.14, Hunter Sibcy - 28.64. 800m Results: Adam Sallee - 3:18.

"We have one runner who plays baseball and another who plays tennis, so every runner can't go to every meet, since we're sharing athletes. It's also been a wet spring, so we've had a couple of meets canceled and it's limited our practices at times. Not having a track is obviously another challenge, but we've competed with other athletes from the area who have the benefit of having a track to practice on, so I've been pleased so far. I don't have a background in track & field, so it's definitely been a learning experience," Coach Litteral said.

**Remaining 2015 Schedule**

4/30 - Buffalo Trace Conference, Flemingsburg  
5/07 - Harrison County All-Comers, Cynthia  
5/09 - Area 7 Championship, Maysville  
5/16 - Region 5 A Championship, Danville

## Sports in Kentucky

by Bob Watkins

**Ticket for Carpe Diem, please, and pass the rum-and-coke, Murphy**

Kentucky Derby. Ticket, please: Carpe Diem across-the-board. And, pass me a rum-and-coke, Murphy.

Last time I picked a Derby winner Ronald Reagan was still here, UConn men and women teams won the NCAA, Tubby Smith was still in Lexington and Smarty Jones would also win the Preakness.

My methodology for picking a Derby winner is quicker than Calvin Borel's silver tongue, but less scientific than bracketology. The name. Carpe Diem is four syllables, a Latin aphorism for all of us, seize the day!

Pass me another run-and-croke, Murphy.

Our Kentucky Derby. Between the Slows (hot air balloons, paddle-wheelers and "did ya see who's here?" and the Quicks (Julep or a few brews, a few ogles at pretty ladies under wacky hats). At around 6 o'clock, a horse race after a portly guy with the long horn primes our pride for My Old Kentucky Home.

Meanwhile, pass us 'nother ruth-and-roke, Murphy.

Our Run for the Roses. Put away your cell phone or you will see Derby 141 on the 11

o'clock news. Folks who shrug at the overdone pageantry, a tee-vee replay is quite enough.

For more than a century our Run for the Roses has inspired more elegant prose (and not), bad poetry, books written and movies made, than any two minutes about anything on the planet.

Native born Kentuckian, Irvin Shrewsbury Cobb, born in Paducah, gone to New York in the early 1900s, wrote,

"Until you go to the Kentucky Derby with your own eyes, behold the Derby, you ain't never been nowhere and you ain't never seen nothing."

Having witnessed a handful of Derby runs, (with my own eyes), I find that Cobb's logic doesn't quite stick on the wall. (until you see a Derby) "... you ain't never been nowhere and you ain't never seen nothing," moves me to review. Gee, if I'm to believe I "ain't never been nowhere and ain't never seen nothing," because I missed a two minute horse race, well ...

Or, maybe Murphy passed one too many cups of cheer my way at the wrong times.

Either way, Derby 141 is another chance to get it right. Make mine Carpe Diem across-the-board.

And "hey, Murphy, pass pass me nother rum and coke, will ya? There's a good lad."

### NBA FEED TROUGH

For those touring ex-Kentucky players who cashiered UK fans (money-for-autographs) last few weeks, while waiting for the NBA Draft in June, reality awaits.

✓ Feed trough the NBA. Run by plantation profiteers willing to dump regular season games to elevate draft positions and sign the next new toys.

✓ Washington Wizard Paul Pierce on teammate Otto Porter's lack of attitude required in the NBA, told ESPN: "... kid just needs to get mad. If he came to practice ticked off and to games ticked off, he'd be fine. ... I should punch him one day just to get him riled up."

And, for the next crop of one-and-doners ...

✓ Former Big Ten basketball player at Michigan e-mailed a UK hoops web site: "... last couple of years I've been a great Kentucky fan. I wish the kids would stayed in school longer and really learn college basketball. One year and out is not good for any program. This year's team had its moments, but believe me there are a lot of teams that could have beaten Kentucky.

"When and if (those who declared for the NBA draft) get to the big league they will find out how much more they could have learned at the college level. Plus education should come first."

### NCAA HOOPS 'SUCKERS?'

What's wrong with men's college basketball? Nothing

## Bracken Board of Ed recognizes Lady Bear Basketball Team

The Bracken County Board of Education honored the Varsity Lady Bears Basketball team for being the 10<sup>th</sup> Region All 'A' Champions and competing at state at their April 13th meeting. Pictured left to right above are, seated: Kennedy Carl, Kyra Berry, and Cassidy Collins. Standing: Head Coach Patrick Kelsch (10<sup>th</sup> Region Coach of the Year), Madison Kalb, Bailey Cummins, Cheyanne Taylor, Hannah Deaton, and Kara Jones. Also honored but unable to attend were Players: Kinley Ruf, Korbin Florer, Macy Jefferson, Cassidy Wolfe, and Catie Jo Rose; Bookkeepers: Lisa Stephenson and Chelsea Stephenson; Assistant Coaches: Brandon Smith, Aaron Linville, and Marsha Godman. The Board is very proud of them and all of their accomplishments.

Photo submitted

maybe, but then again ... UConn women's coach Geno Auriemma says fans who pay to men's games are suckers.

"People have to decide, do I want to pay 25 or 30 bucks to see a college scrub where everybody misses six of out every 10 shots, or do I want to go to a movie?"

Auriemma added, "there are only like 10 teams in the top 25 that play the kind of basketball that you like to watch. And every coach will tell you it's because of great defense, great scouting, a lot of film work ... Nonsense. Nonsense."

38-1. Members of Earlington High's basketball dream season, state championship in 1967, lost their coach recently. Bob Fox left at 84.

A sterling resume'. In nine seasons his teams won 227 of 284 games. He was Kentucky coach of the year in 1967 with name is in the Kentucky Hall of Fame.

The best part? Fox's legacy: He earned a Doctorate in Education from the University of Kentucky, and retired as a tenured professor at Murray State University. Dr. Bob Fox.

#### SECOND READING OF ORDINANCE # 11-01 AS AMENDED,--AN ORDINANCE RELATING TO SNOW EMERGENCY LEVELS.

The First Reading of Ordinance #11-01 as amended, --an ordinance relating to snow emergency levels was passed by vote on February 25, 2015, and approving further amendments on March 25, 2015 by the Bracken County Fiscal Court.

The Second Reading/Adoption of Ordinance #11-01 as amended, --an ordinance relating to snow emergency levels was passed by vote on April 22, 2015.

FULL TEXT OF ORDINANCE, AMENDED AS FOLLOWS:

Commonwealth of Kentucky  
 BRACKEN COUNTY FISCAL COURT  
 ORDINANCE 11-01

AN ORDINANCE ENABLING THE OFFICE OF THE BRACKEN COUNTY JUDGE/EXECUTIVE TO ESTABLISH AND DECLARE VARIOUS LEVELS OF SNOW EMERGENCIES.

Whereas, the County Judge/Executive's Office is empowered by KRS 39A.100(2) to respond appropriately to threatened or impending emergencies; and

Whereas, the occurrence of snow, sleet and freezing rain can be hazardous for motor vehicle traffic and increases the risk of collision; and

Whereas, motor vehicles on roadways during such times may substantially interfere with the removal of snow and ice from the roadways by county employees and may interfere with the movement of emergency vehicles upon the roadways; and

Whereas, the Bracken County Fiscal Court has determined that in order to protect and safeguard the property, health, safety and welfare of its citizens during such occurrences, it should delegate authority to declare various levels of snow emergencies to the County Judge Executive.

Now therefore, be it ordained by the Fiscal Court of Bracken County, Kentucky:

#### Section One

Upon the occurrence of snow, sleet or freezing rain and after consultation with the Bracken County Road Supervisor and other pertinent officials, the Bracken County Judge Executive may declare a Snow Emergency and the level thereof. Upon such declaration, all major news media outlets in the Bracken County service area, other governmental jurisdictions and school district authorities in Bracken County may be notified by the most expedient method practicable under the circumstances.

#### Section Two

Snow Emergencies may be declared at one of the following levels:

##### Level One

Conditions: Roadways are hazardous due to wintery conditions.

Advisory: Cautious driving is advised.

##### Level Two

Conditions: Roadways are hazardous due to snow, ice, or a combination thereof.

Advisory: Only motorists whose travel is necessary should be on the roadways. Residents are urged to contact their employer to see if they should report to work.

##### Level Three

Conditions: All roadways, unless otherwise specified, are closed to Non-emergency Personnel.

Advisory: No one should be out during these conditions unless it is absolutely necessary to travel or a personal emergency exists. All employees should contact their employer to see if they should report to work. Those traveling on roads may subject to being cited to court.

#### Section Three

During Snow Emergencies, no vehicles may be parked and no person, corporation, partnership, joint venture, unincorporated association or any combination thereof may park or permit any vehicle to be parked upon any public road right-of-way.

#### Section Four

During Snow Emergencies, the Bracken County Road Department Supervisor may, as ordered by the Bracken County Judge Executive, assist in clearing state-owned roadways if otherwise permitted by law.

#### Section Five

Any person violating any provisions of this ordinance, or any lawful order, rule or regulation promulgated pursuant to it, may be issued a citation by the Bracken County Sheriff or any peace officer; upon conviction, a fine of not less than \$25.00 nor more than \$100.00 shall be assessed for each occurrence.

#### Section Six

Should any section or provisions of this ordinance be declared invalid by a court of competent jurisdiction for any reason, such declaration shall not invalidate, or adversely affect, the remainder of this ordinance.

#### Section Seven

This ordinance shall be in full force and effect from and after its passage, publication and recording, according to law.

Ag and Natural Resources

The Bracken County Extension Service will host a Cover Crop Workshop on the fall seeded plots at the Bracken County Industrial Site on Thursday, May 7th. The workshop will be held at 10 a.m. and again that afternoon at 5:30 p.m. There are 10 different plots with 7 varieties of small grains and legumes for you to view. We will be examining the different characteristics of each including, winter hardiness, weed suppression, root development, erosion protection, biomass production, and nitrogen fixation. In addition to the single variety plantings, there are 3 different mixes of both small grains and legumes. Plan now to come out and view the options you can have for fall plantings and how these can fit in your operation and the benefits each may bring. Participants attending the workshop will receive Phase I educational credit required to complete your 2014 project.

This will be one of the last offerings of Phase I educational credit this year. If you still need credit, you must attend this program or risk not receiving payment.
